---

### This Week:

Tonight, we welcomed Theonie Roussianos to our club to present her story and some awesome ideas toward the goals of how to raise \$50,000 in one night as she did for the Kidney, Transplant and Diabetes Research Australia.

Theonie's story has evidenced some tough times, as her family have endured the heartbreak of first hand issues related to the above cause. Theonie has a passion to help on the frontline, through assisting to raise funds to help research for the disease that has swallowed her family's life so suddenly.

AHUS (Atypical Haemolytic Uraemic Syndrome) has engulfed Theonie's husband, Gerrie and taken them on a journey they never thought they would have to travel. The goal of living and achieving through this debilitating condition with a young family has seen Theonie and Gerrie battle through some tough times and with many more foreseen for the future. However, they have found an amazing way of handling their trauma by helping so many with similar journeys.

A strong person who simply amazes me with her attitude and passion and I've wondered how she is never seen without a smile. Some great ideas out of your presentation tonight and I look forward to some successes in the future.

Theonie and her team of helpers have a Quiz night coming up in June to raise more much needed funds for research and I have attached the flyer for this at the end of our bulletin. We wish you well and Good luck with your Quiz night coming up on Friday 1<sup>st</sup> June 2018.

*Visitors: Kirsty Roach from Social Media Marketing, Karen Percival from MND South Australia and Lorelle Molde from DV Snapshots.*

*Thank you for your attendance of Theonie's presentation to find out vital information on how to raise \$50,000 in one fundraising event.*

*A fantastic group photo of attendees for the presentation.*

## Coming Up....

We have numerous spaces for speakers coming up and would like some input from the Members to assist with this.
