**MEMBERS SPOT**

**SMILE FOR YOU**

Smiling is infectious; you catch it like the flu  
When someone smiled at me today, I started smiling too.  
I passed around the corner and someone saw my grin,  
When he smiled I realized I'd passed it on to him.  
I thought about that smile; I then realized its worth,  
A single smile, just like mine could travel round the earth.  
So, if you feel a smile begin, don't leave it undetected,  
Let's start an epidemic quick, and get the world infected.

Keep the smile going by sending this on to a friend

EVERYONE NEEDS A SMILE!!!

See how you go.....
